

**REPORT FOR EXTENSION ACTIVITY (Village Adoption – Digital Awareness) – 15.02.2023**

**1. Objective**

To Create awareness to the people of Echampatti village to use technology more safely and to promote opportunity-rich utilization of modern technology.

**2. Agenda (Date & Time, Venue, Guest details)**

Venue : Echampatti

Time : 11.00 am – 3.00 pm

Agenda : Village Adoption Programme - Digital Awareness Programme

Mr.M.Ravi AP/CA, Mr.M.Purusothaman AP/CA & Mrs.N.Padmavathi AP/CA

28 Students from I BCA & II BCA

Guest details: 1. Mr. M.Rajendran Headmaster, Echampatti.

2. Mrs.R.Kokila, Union Councilor, Kalkurichi.

**3. Subject/topic dealt with (minimum 5-10 lines)**

- The Union Councilor and School Headmaster addressed the Program. About 37 Publics and 28 Student were participated from the Village.
- The People got Awareness about Government online Seva portal like EB link with Aadhaar, Ration Card updating, Patta Chitta, Varisu Certificate Status Checking and Downloading and they were educated and motivated how to use online government services.
- The volunteers played a vital role in making this camp a success with their dedication, and they guided people in the right direction.
- Digital awareness session enlightened the minds of rural people on how basic technology works, and how to navigate its various tools and devices in a capable way.
- The Programme was informative and provided insights into what the people of Echampatti village.

**Report for Extension Activity – Village Adoption - Eachampatti  
18.11.22**

**1. Objective**

- ✓ Department of Computer Application was organized Extension Activity - Village Adaption (Eachampatti) for II BCA Students on 18.11.2022.
- ✓ The general objective of having an extension program is to influence people to make changes in their way of life and in making a better living.

**2. Agenda (Date & Time, Venue, Guest details)**

Date: 18.11.2022

Time: 10.00 am to 3.00pm

Venue: Eachampatti

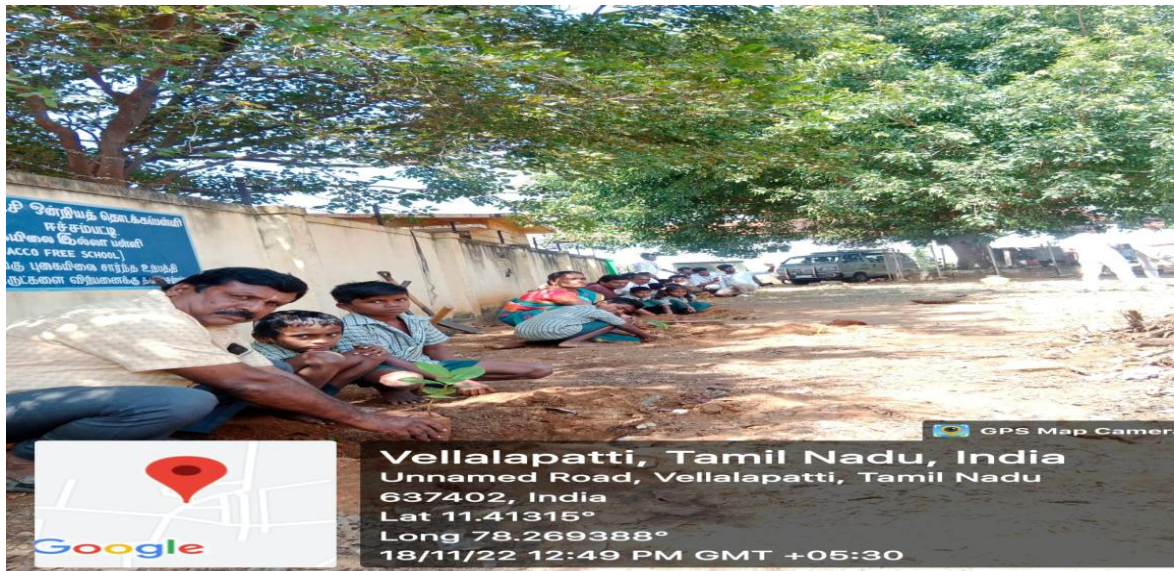

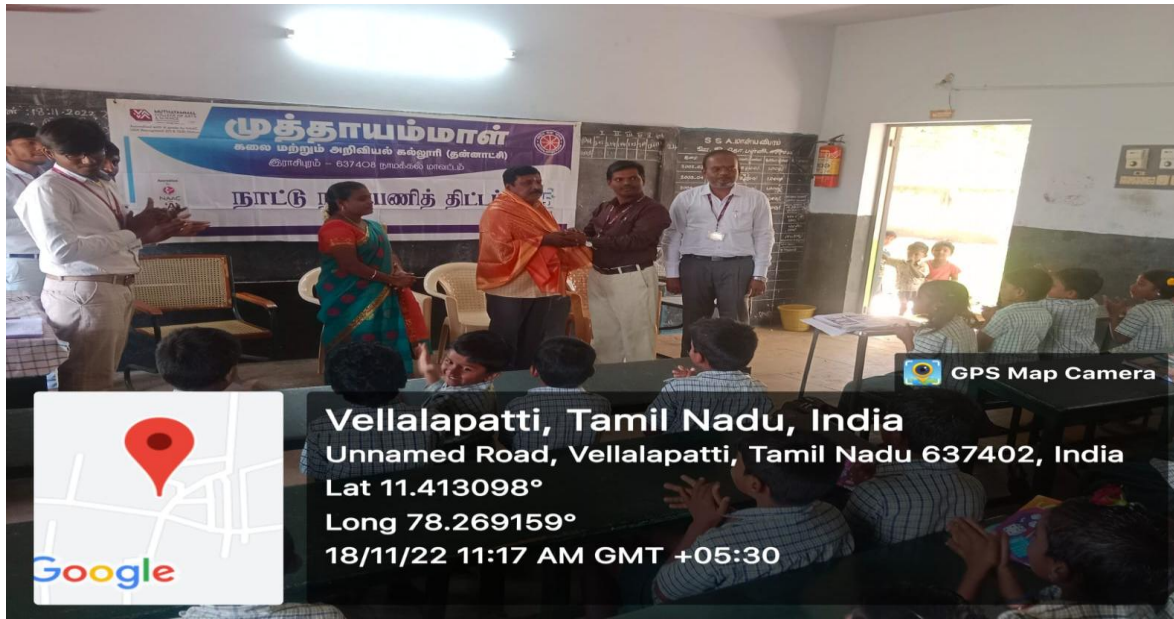

Contact Person: R.Rajendran , Head master  
Govt.Primary School, Eachampatti

**3. Subject/topic dealt with (minimum 5-10 lines)**

- Extension activity helps in studying and solving the rural problems.
- Our NSS students cleaned the dust near the campus and planted 20 saplings along with the Headmaster, Teachers and primary school students.
- Students of primary school were participated actively in planting.
- Common Motivation was given to the school students about Physical Health maintenance and Environment Cleanliness.
- Awareness were given how the usage of mobile phone affects the children at an early age.
- Village Administrative Officer also participated.

#### 4. Photographs 5 no's (for both FN and AN session)

## 5. Feedback

- ✓ This activity make the students to move friendly with the village people and the primary school students.
- ✓ Their small needs were satisfied by our institution by planting the trees.
- ✓ Appreciation letter was given by the School Headmaster for he above activity.

## 6. (i) Number of Staff Participants - 2

## (ii) Number of Students Participants - II BCA - 20

**MUTHAYAMMAL COLLEGE OF ARTS & SCIENCE (AUTONOMOUS) ,  
RASIPUIRAM  
DEPARTMENT OF CHEMISTRY  
“EXTENSION ACTIVITY – CHEMISTRY IN EVERYDAY LIFE”**

**1. Objective:**

To educate the school students about the importance of science and technology and some science practical experiments.

**2. Agenda:**

**TOPIC:** Extension activity -Chemistry in Everyday Life

**Venue:** Govt.Hr.Sec school, Vadugum, Namakkal

**Date:** 01.09.2022

**Time:** 10:30 am to 3.30 pm

**3. Subject/topic dealt with**

The activity gives the interest about the science awareness and some activities.

- Awareness given to the School students about the importance of science experiments.
- We gave the awareness about the chemical products used in day to day life.
- Students were educated about adulteration in food products like bleaching, colouring, fruiting, adding low cost materials, etc.

**Programme Name : Breast Cancer Awareness Program**

1. Objective : Raise awareness on breast cancer

2. Agenda

Date : 18.10.2022 & 19.10.2022

Time : 11 AM

Venue : MCAS and 6 adopted Villages

3. Subject/topic

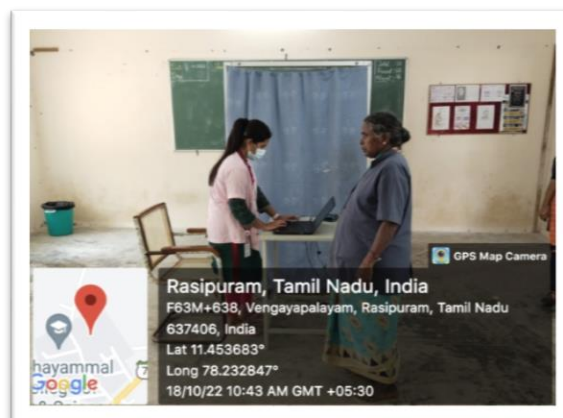

In a global effort to raise awareness on breast cancer, October has been designated as the Pink Month. The Pink Month is a month where efforts to educate those concerned about the disease, including early identification and signs and symptoms associated with breast cancer. According to this, TICEL and Flextronics in collaboration with our college conducted a breast cancer awareness program for the female teaching, non-teaching staff and students of our college and the women of 6 villages adopted by our college. Part of this, in our college free breast cancer screening, virtual reality video show and seminar on breast cancer were conducted.

**Extension Activity on Plastic Awareness, Vadugam**

**1. Objective:**

To provide awareness about using alternatives to plastics for the benefit of the public at Vadugam village, Rasipuram. The prime Endeavour of the awareness was to offer awareness about the ill effects of plastics to the people and motivate them to reduce the usage of plastics.

**2. Agenda:**

**Extension activity** : Plastic Awareness

**Venue** : Vadugam, Rasipuram

**Date** : 15/02/2023

**Time** : 11:00 A. M. – 03:00 P. M.

**3. Subject/topic deal with (minimum 5-10 lines)**

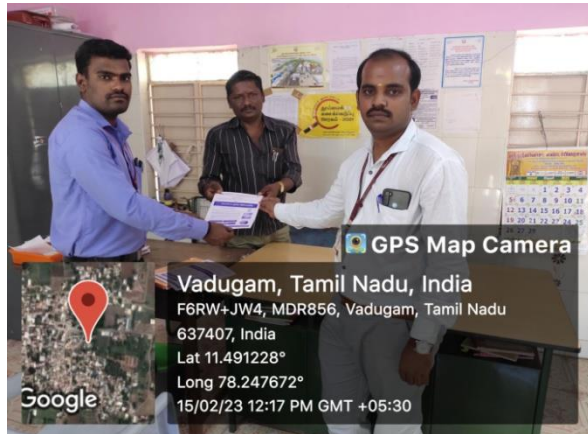

The public were taught about the harmful effects of plastics especially that involved in food storage and food carriers. A brief introduction about the types of plastics was also given.

The awareness focused on the ill effects of plastics – food should not be stored in plastic utensils, hot food should not be wrapped in plastic containers, hot beverages should not be drunk using plastic cups, etc.

The diseases resulting from the usage of such plastics were also informed and gave alternatives to plastics.

#### 4. Photographs (for both FN and AN session)

#### 5. Feedback:

- ✓ The program was useful to the public and it created awareness.
- ✓ The public learned about the negative impacts of plastics on ecosystem, habitats and human and animal health.
- ✓ The public were happy to learn about the alternatives to plastics.

**6. Number of the Participants :**

(i) Number of faculty Participants (2)

1) Mr. V. SANTHOSHKUMAR

2) Mr. S. RAMKUMAR

**MUTHAYAMMAL COLLEGE OF ARTS AND SCIENCE (AUTONOMOUS),**  
**RASIPUIRAM**  
**DEPARTMENT OF CHEMISTRY**

**“MICROSCALE TECHNIQUES IN ORGANIC ANALYSIS”**

**1. Objective:**

The students know about,

- This is a way to better understanding of principles and reactions in Organic chemistry.
- Promotion of basic skills and competencies (procedural and manipulative skills, observational skills, drawing skills, reporting and interpretation skills).
- Awakening and maintaining curiosity in the learning environment
- Idea about Higher studies and Job opportunities in various field

**2. Agenda:**

**Topic: Workshop on “Microscale Technique in Organic analysis”**

**Venue: Government Boys Higher Sec. School, Namagiripet**

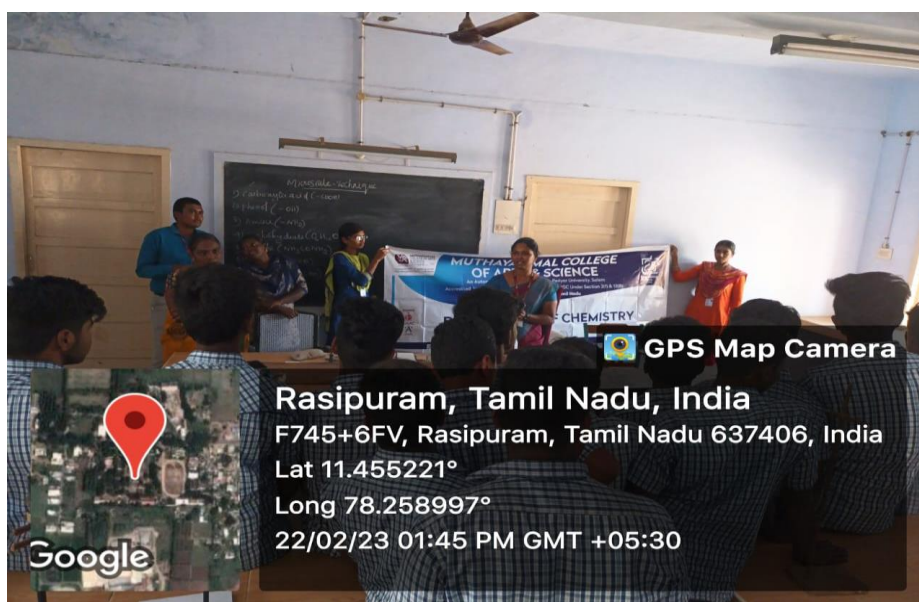

**Date: 22.02.2023**

**Time: 01.00 pm to 03:00 pm**

**3. Subject/topic dealt with**

- Traditionally, experiments in Organic Chemistry are carried out on a Macroscale level, employing quantities of chemicals on the order of 5-100g, using glassware designed to contain between 25 and 500 ml of liquids.
- For quantities of materials in the 0.005-0.5 g range, one employs different, "Microscale" techniques and glassware in order to carry out the various standard organic laboratory operations
- About 51 Students benefited in this MicroScale techniques in Organic analysis, and they were educated about the techniques. This technique helps to maintain pollution-free environment, cut costs on chemistry laboratory and to reduce chemical wastes. This technique will be useful for students.
- Given awareness on Career and Guidance to motivate the students to set future goal.

Date of the Event	20.01.2023 (Friday)
Name of the Event	Road Safety Awareness Programme
Department	Commerce
Venue	Poosaripalayam, Near Kakkaveri, Rasipuram.

**1. Objective of the Programme:**

- To create an awareness about Road safety management to rural people and schools students.
- To interact the rural people and school students regarding Road safety awareness.
- To induce the benefit about Road safety management.
- To create an awareness in the adopted village regarding Helmet Wearing and follow up of Traffic Rules.

**2. Agenda:**

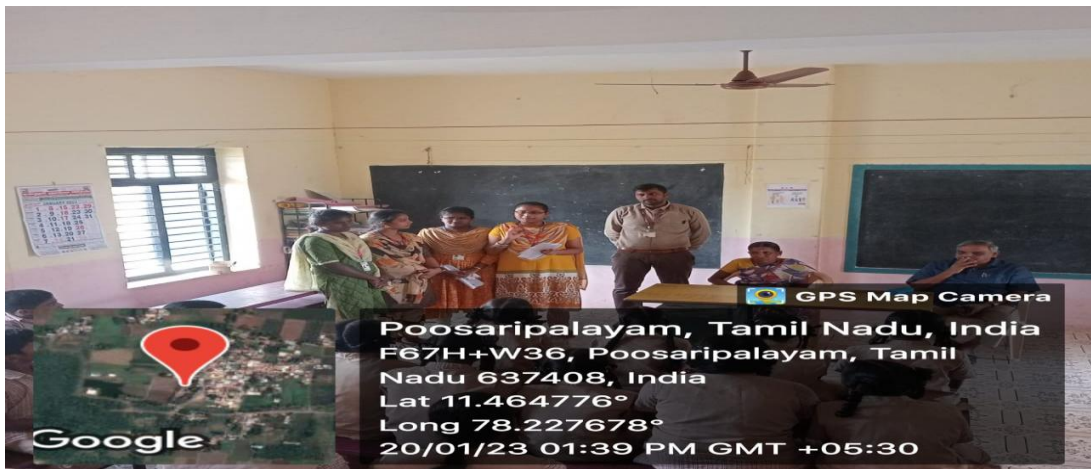

Date : 20.01.2023 (Friday)  
 Time : 10.00 AM – 3.00 PM  
 Venue : Poosaripalayam, Rasipuram.  
 In-charge : The President,  
 Poosaripalayam Village  
 Poosaripalayam, Kakkaveri, Rasipuram.

**3. Subject / Topic:**

- ❖ Maintenance of Public Transport.
- ❖ Creating awareness on Road Safety Management.
- ❖ Creating awareness on Helmet wearing.
- ❖ Traffic Rules.
- ❖ Orientation on 'Social Issues'.

#### 4. Photograph:

**5. Feedback:**

- ❖ Village people got awareness about wearing helmet.
- ❖ School students got awareness about Traffic Rules.
- ❖ Know about the benefits of Road Safety Management.
- ❖ Know about the Road safety awareness.
- ❖ Understood the necessity of cleaning in the Public Transport.

6.      Number of Staff participated      : 01( Mr.N. Anandharaj)  
            Number of Students participated : 26 Students ( 19 Male + 07 Female)  
            Number of External participants : 180  
            Number of Beneficiaries                 : 180

Date of the Event	16.03.2023 (Thursday)
Name of the Event	CSR Activity - Financial Awareness Programme
Department	Commerce
Venue	Poosaripalayam Village, Near Kakkaveri, Rasipuram Taluk.

### 1. Objective of the Programme:

- To create awareness about Finance related current issues.
- To interact with the peoples regarding hurdles in availing financial services.
- To impart knowledge about How to open bank accounts, How to apply for PAN card, How to use ATM cards and safety measures to be followed etc.
- To initiate knowledge about functioning of cyber crimes Department.

### 2. Agenda:

Date : 16.03.2023 (Thursday)  
 Time : 4.00 PM – 7.00 PM  
 Venue : Poosaripalayam Village, Near Kakkaveri, Rasipuram Taluk.  
 Chief Guest : Mr.K.K.Murugesan, Head / Kakkaveri Panchayet.

### 3. Subject / Topic:

- ❖ Mode of applying PAN card.
- ❖ Safety Withdrawal and Depositing of Cash in ATM.
- ❖ Filing of Income Tax Returns.(ITR)
- ❖ Filling of Savings Account Opening form at bank.
- ❖ Procedure for making complaint with Cyber crime.
- ❖ Making Cashless transaction.

#### 4. Photograph:

## 5. Feedback:

- ❖ Peoples were realized the importance of financial related issues.
- ❖ Rural people gained knowledge about Mode of applying PAN card, Safety Withdrawal and Depositing of Cash in ATM , Filing of Income Tax Returns. (ITR) , Filling of Savings Account Opening form , Procedure for making Complaint with Cyber crime, Making Cashless transaction.
- ❖ The rural people gave knowledge about safety measures in online transactions.

### **Department of Mathematics**

### **Career Guidance Programme – Vadugam**

#### **1. Objective:**

Career Guidance Programme - “How to meet our Goals”

#### **2. Agenda:**

**Date** : 24/02/2023

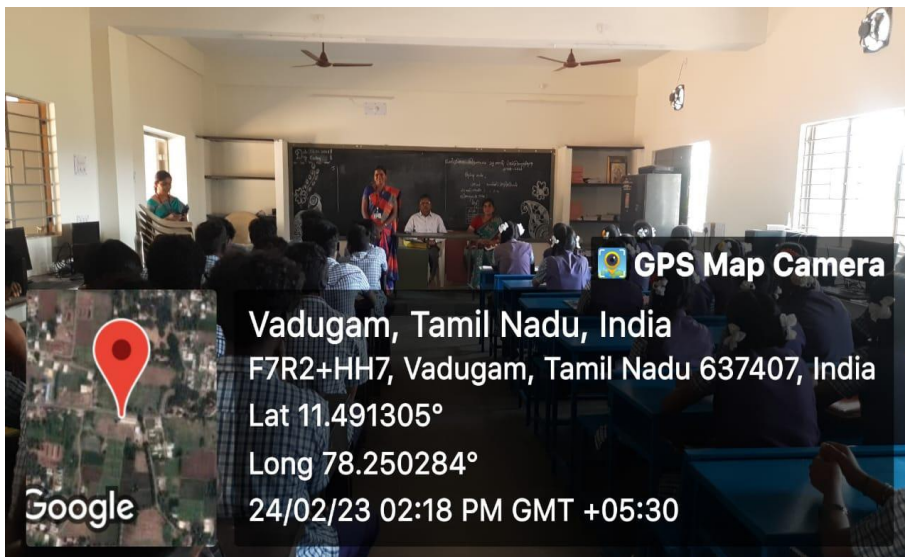

**Venue** : Government Higher Secondary School - Vadugam

**Time** : 02.00 pm – 3.00 pm

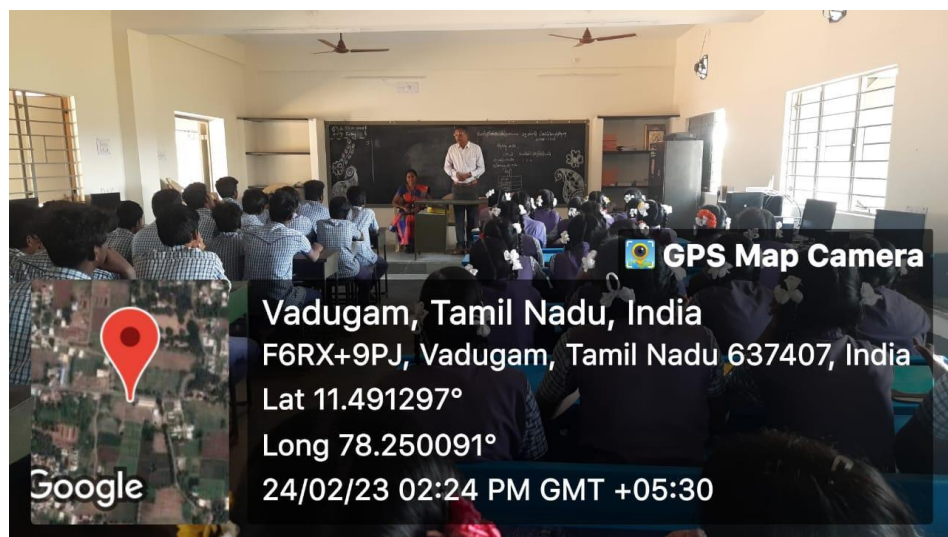

#### **3. Subject/topic dealt with (minimum 5-10 lines):**

Guidance is given to the students about how to achieve our goals in education through our speech.. The tips are given to the students to avoid the fear of competitive exams. We told our maths subject related like shortcuts for essay manner how to attend the competitive exam, and how to understand in easy way to our maths subject .What are opportunities are available if you finished in B.sc maths. The main aspects related to the students like Social values, Healthy, Personal hygiene, moral ethics, etc. The session was completed in a graceful manner.

#### **4. Photographs:**

## 5. Feedback

Students understood, how to improve extracurricular activities and skills to achieve their goals.

## **(AUTONOMOUS)**

### **Department of Mathematics**

### **Dental Medical camp Programme**

#### **1. Objective:**

Dental Medical Camp - “How to Use the Healthy Oral Habits”

#### **2. Agenda:**

**Date** : 03/02/2023

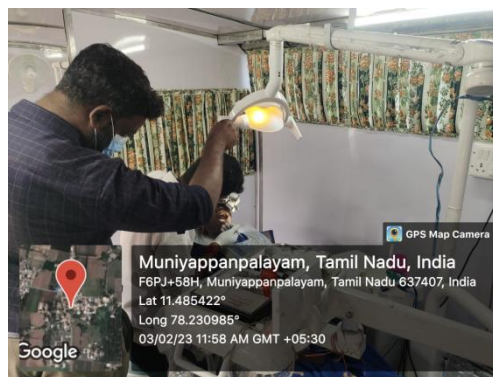

**Venue** : Pattanam Muniyappanpalayam village

**Time** : 10.00 am – 2.00 pm

#### **3. Subject/topic dealt with (minimum 5-10 lines):**

We are conducted the medical camp at pattanam muniyappanpalayam village. The villagers that turned up were lacking in oral hygiene. Awareness and the lack of Healthy Oral Habits among the villagers is a cause for concern. They would only visit the Dentist when in pain. This, when preventive care coupled with a yearly visit to the Dentist, could prevent major oral ailments. The session was completed in successful manner.

#### **4. Photographs:**

## 5. Feedback

78 people and 25 students are benefitted to this program for tooth cleaning and tooth decay treatment.

### Extension Activity

#### Swachh Bharat (Village Cleaning) – Pattanam Muniyappanpalayam

##### 1. Objective:

Swachh Bharat (Village Cleaning)

##### 2. Agenda:

**Date** : 28/02/2023

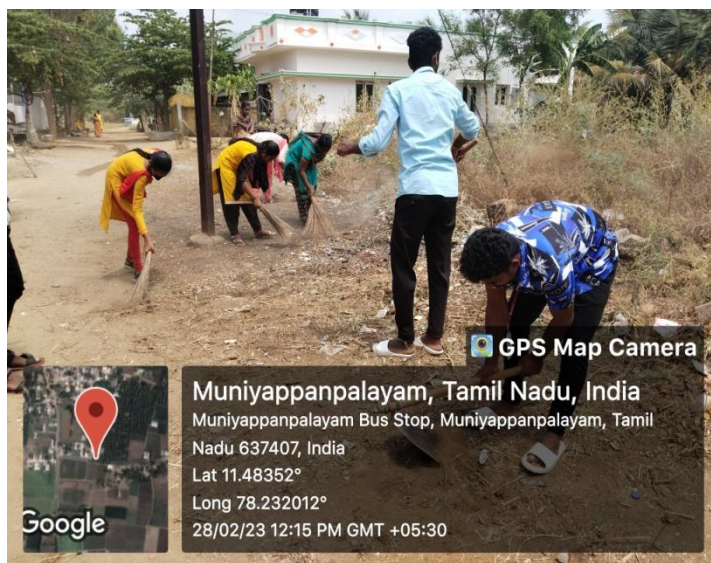

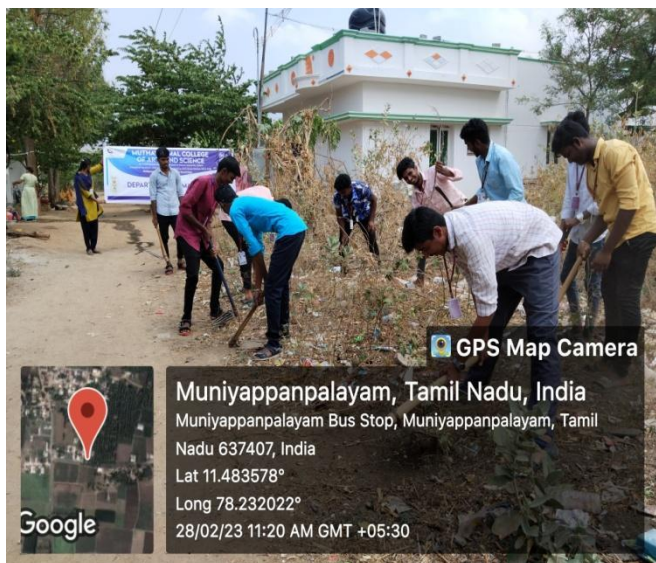

**Venue** : Pattanam Muniyappanpalayam Village

**Time** : 10.00 am – 2.00 pm

##### 3. Subject/topic dealt with (minimum 5-10 lines):

Department of Mathematics organised an extension activity under the banner SWACHH BHARAT in the Pattanam Muniyappanpalayam village. Main locations of the village had been cleaned litter-free by 30 students and two staff members. Also, we have been given the awareness of cleaning and some tips are given for healthy and personal hygiene to the people. The session was completed in a graceful manner.

##### 4. Photographs:

## 5. Feedback

People understood how to improve cleaning awareness and personal hygiene.

**Extension Activity**

**Plastic Ban Awareness Programme – Pattanam Muniyappanpalayam**

**1. Objective:**

Plastic Ban Awareness Programme

**2. Agenda:**

**Date :** 10/04/2023

**Venue :** Pattanam Muniyappanpalayam Village

**Time :** 10.00 am – 2.00 pm

**3. Subject/topic dealt with (minimum 5-10 lines):**

25 students and two staff members of the department of Mathematics organized a Plastic Ban Awareness programme for people at pattanam Muniyappampalayam on 10.04.2023. Students were detailed about disease caused by plastic waste and also how to avoid the usage of more plastic by using paper made things to people. The session was completed in a graceful manner.

**4. Photographs:**

## 5. Feedback

People understood how to avoid the plastic things by using paper made things.

**MUTHAYAMMAL COLLEGE OF ARTS & SCIENCE, RASIPURAM**

**DEPARTMENT OF MICROBIOLOGY**

**(EXTENSION ACTIVITY IN ADAPTATION VILLAGE - THOPPUPATTY)**

**CAMPUS CLEANING PROGRAM CONDUCTED TO PANCHAYAT UNION PRIMARY SCHOOL, PAMPHLET CIRCULATION ABOUT DISEASE AWARENESS, CREATING AWARENESS TO PUBLIC AND SCHOOL STUDENTS & SAPLING PLANTATION**

**DATE:** 17/10/2022

**VILLAGE :** Thoppupatty, near Singalanthapuram, Rasipuram Tk, Namakkal Dt.

**OBJECTIVE:**

The Village Adoption is basically meant for strengthening development process in the village by bringing attitudinal and behavioral change, facilitating process of development by enabling the local villagers access the welfare/development by program.

The program ensures that the School is well maintained is not only conducive to productivity, it also increases the likelihood of attracting more students. Some of the main benefits are: Safety considerations, Leadership, Promotes hygiene and Protecting School infrastructure.

Awareness rising is a process that seeks to inform and educate people about a issue with the intention of influencing their attitudes, behaviors and beliefs towards the achievement. The purpose of the pamphlet is to provide understandable information and to encourage safe behaviors that can prevent the diseases

**AGENDA:**

- ✦ 10.35am starts from MCAS
- ✦ 11.05am reached the village
- ✦ 11.15am activities started
- ✦ 02.55pm depart to MCAS

✚ 03.10pm reached MCAS

### **PARTICIPANTS:**

STUDENT : 19 Nos (II M.Sc Microbiology)  
STAFF : 02 Nos (Dr.S.Anbalagan & N.Radhakrishnan)

### **ACTIVITIES DONE:**

#### **CAMPUS CLEANING:**

Campus cleaning Program conducted at Panchayat Union Primary school, Thoppupatty  
Cleaning the trash and garbage was done.

Maintaining a clean school environment sets a good example to students. It encourages learners to take pride in their school, which makes them less likely to drop litter and as such they will potentially make a bigger effort to maintain their environment.

#### **KIT DISTRIBUTION:**

30 students at Panchayat Union Primary school, Thoppupatty were provided with a kit (PENCIL, ERASER & BISCUIT)

#### **AWARENESS ABOUT PERSONAL HYGIENE GIVEN TO SCHOOL STUDENTS:**

Students and Staff members spoke to them about the importance of Personal hygiene and cleanliness. Maintaining good personal hygiene is the first step to good health.

Personal hygiene is generally defined as cleanliness of the body and proper maintenance of personal appearance. Practicing good body hygiene also helps us to feel good about our self, which is also important for our mental health.

They emphasized on the importance of Oral health Care, toilet hygiene, hair care etc.

The importance of these activities as a part of everyday routine was taught to the gathering.

Bath daily:-

A regular bath every morning helps in keeping us clean, fresh and odor free.

Wash your hands:-

They elaborated on washing their hands before and after meals, after using washroom, sneezing or coughing, after handling garbage, touching an animal and explained the methods on how to clean hands thoroughly with clean soap and water. They also tells that it prevents the spread of bacteria and viruses.

Trim your nails:-

Keeping our finger and toe nails trimmed and brushing them daily with soap so that no dirt or residue remains beneath the nail.

Practice good oral hygiene:-

The mouth is the area of the body most prone to collecting harmful bacteria and generating infections. To minimize the accumulation of bacteria in our mouth (which cause tooth decay and gum disease), brush our teeth at least twice a day. It will also help to prevent bad breath.

Take care of your hair:-

Washing our hair at least every alternate day is important to keeping our hair and scalp healthy and in good shape. Get a haircut frequently for a healthy hair. Ladies with long hair are often suffering from lice or dandruff, and then they should take necessary action to clear them at the earliest.

Wear clean clothes:

Wear a fresh set of clothes as often as possible. Dirty clothes are a source of contamination and can cause very serious skin disorders if worn over without washing them. Wash clothing on a regular basis.

Cleaning our ears and eyes

Children who live in unhygienic conditions and have poor personal hygiene are prone to illnesses as their immune system is not as strong as that of the adults.

## **TEMPLE CLEANING:**

This event's main objective was to successfully make the premises of the Temple and the surrounding areas cleaner and beautiful so that all the worshippers can visit the temple at thoppupatty

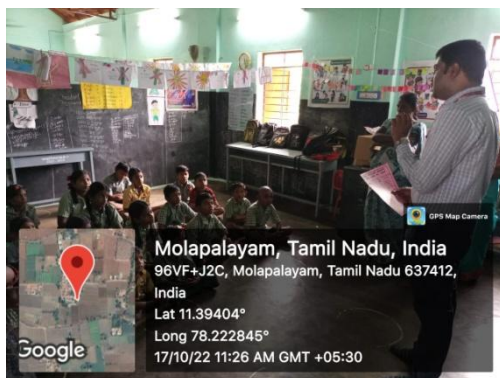

## **CREATING AWARENESS TO PUBLIC:**

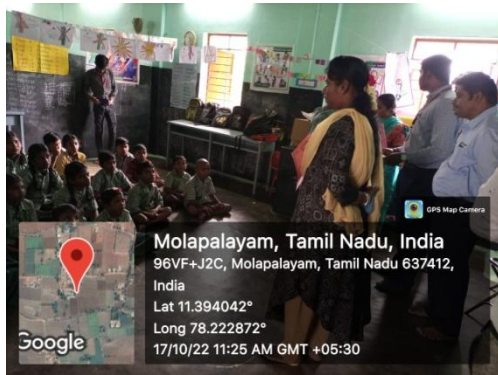

- To create more awareness to the community on the adverse consequences of open defecation practices
- To promote hygienic behavior through change in knowledge-attitude practices and skills for improving environmental sanitation.
- To empower the community and local governments in planning and implementation, strengthening their managerial capacity and responsibility on all aspects of environmental sanitation.

## **SAPLING PLANTATION:**

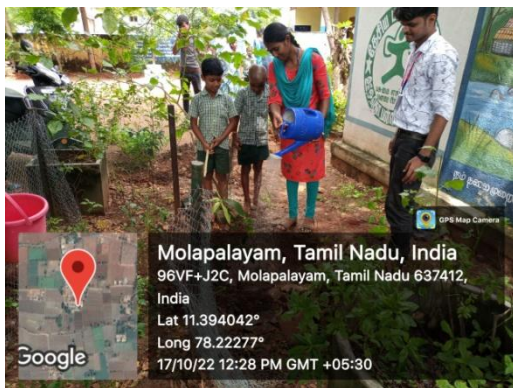

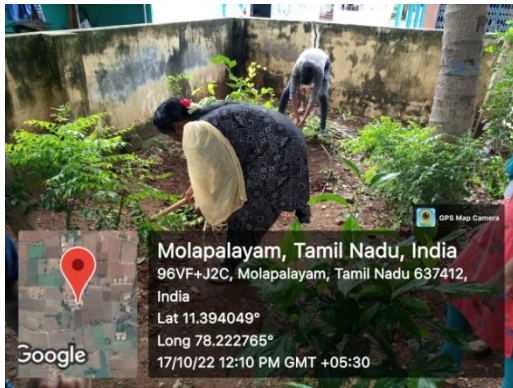

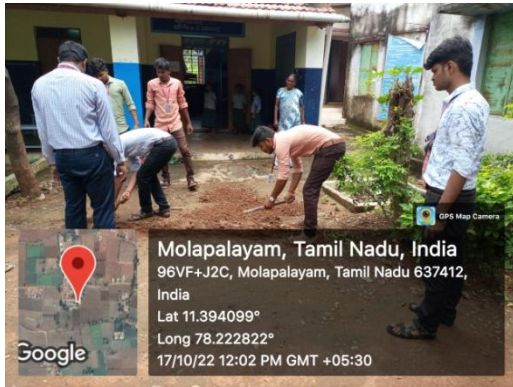

- The students participated and helped each other in planting the saplings. All the saplings were planted in the school ground by students. Such little steps taken together by the school and students will surely help in fostering strong mental and social health amongst today's children so that they connect with their peers, their elders, their community and their environment.

**EXTENSION ACTIVITY - VILLAGE ADOPTION PROGRAMME**

**HEALTH CHECKUP CAMP**

**DATE:** 23/01/2023

**VILLAGE :**

Thoppupatty village near Singalanthapuram, Rasipuram Tk, Namakkal Dt.

**OBJECTIVE:**

The Village Adoption is basically meant for strengthening development process in the village by bringing attitudinal and behavioral change, facilitating process of development by enabling the local villagers access the welfare/development by programmes.

**AGENDA:**

- ✠ 10.30 am starts from MCAS
- ✠ 11.00 am reached the village (Thoppupatty)
- ✠ 11.20 am activities started
- ✠ 03.00 pm depart to MCAS from village
- ✠ 03.25 pm reached MCAS

**PARTICIPANTS:**

STUDENT	:	20 Nos (I M.Sc Microbiology)
STAFF	:	02 Nos

**ACTIVITIES DONE:**

## HEALTH CHECKUP CAMP:

**Beneficiary : 58 Individuals of the village**

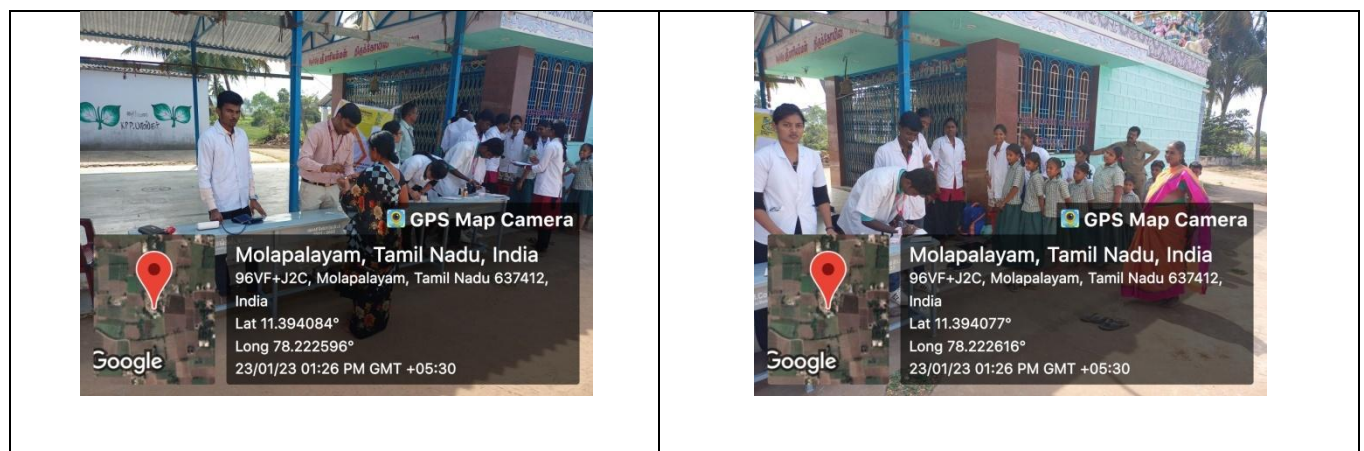

Health checkup camps were conducted to carry out a limited health intervention amongst the underprivileged village people. The poor attend these camps to get free checkup. Getting the appropriate kind of health checkup is vital for every human being and while considering it, some important factors like age, lifestyle, family background, and risks are taken into account.

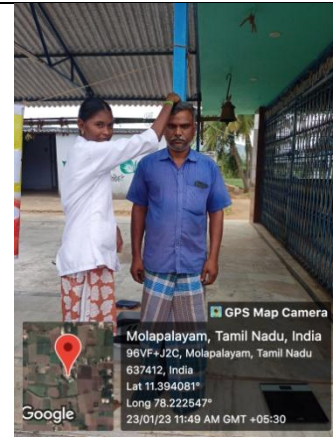

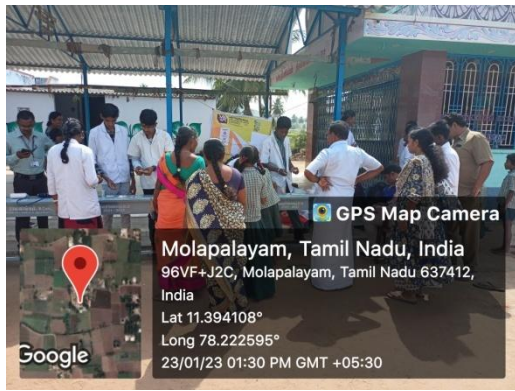

Health examinations and tests at the early stages of the illness can help to cure it faster and save a life before it can cause any damage. One can live longer and healthier only when the individual gets the right kind of health check-up, screening and treatments. Even the most basic checkups can identify underlying illnesses.

## CHECKUP DONE:

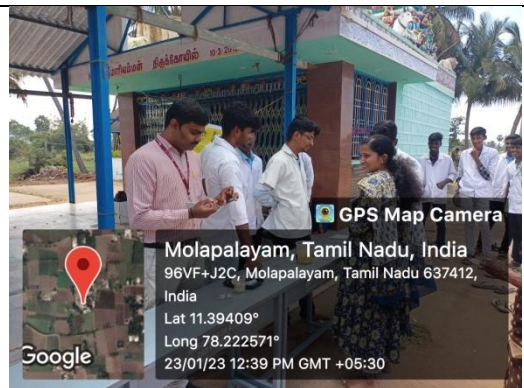

- Height & Weight
- Body Mass Index (BMI)
- Blood grouping
- Blood Sugar
- Blood pressure
- Pulse

**EXTENSION ACTIVITY**

**VISIT TO OLD AGE HOME AND SUPPORT**

**DATE:** 13/02/2023

**OLD AGE HOME :**

SARON OLD AGE HOME, Panangadu, Namagiripet

**OBJECTIVE:**

The primary objective of the visit is to support old aged people and children in need of care and protection and to help destitute poor, neglected needy and orphan children and to provide the financial needs of the home by supporting with the things needed for the people.

**AGENDA:**

- ✠ 12.15 pm starts from MCAS
- ✠ 12.35 pm reached the old age home
- ✠ 12.45 pm activities started
- ✠ 01.25 pm depart to MCAS
- ✠ 01.45 pm reached MCAS

**PARTICIPANTS:**

STUDENT	:	20 Nos (Representatives of all classes and Birthday students)
STAFF	:	03 Nos

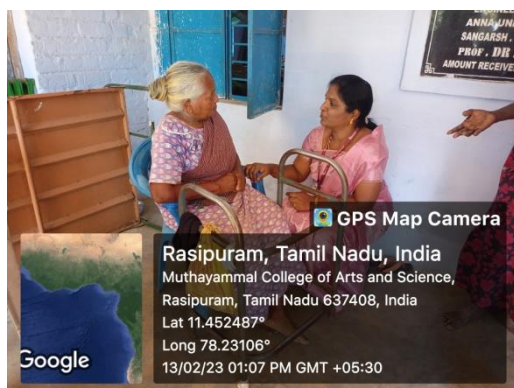

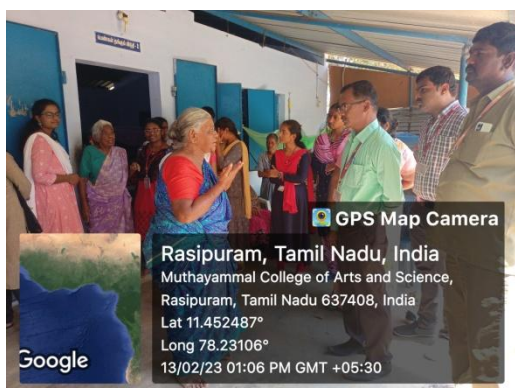

## **ACTIVITIES DONE:**

Twenty one students and faculty members of the Department of Microbiology paid a visit to SARON OLD AGE HOME at Panangadu in Namagiripettai on 13.02.2023. It was a charitable visit to create among the inmates of the Home a great hope and attachment to life.

The team of students and staff had friendly and cordially interacted with the deserted and the destitute to keep alive their moral strength and make them feel that there are people to care for them and their needs

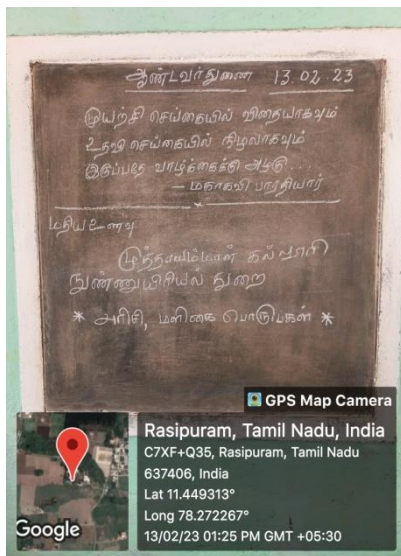

With a benevolent attitude, rice, wheat flour, Vegetables, pulses, soaps, toothpaste, tooth brushes, clothes and towels worth about Rs.15,000 /- had been donated to them.

**A Brief Report on Extension Activity**

**Village Adoption 2022 - 2023**

**OBJECTIVE**

To create awareness among public on breast cancer.

To offer suggestions and pre-cautions to safe guard cancer.

**PLACE:** Muthukalipatty

**DATE:** 18.10.2022(Tuesday)

**AGENDA**

**Faculty:** Mr.C.Srinivasan & Mrs.P.Gomathi

**Students:** 21 Nos.

**SUBJECT/TOPIC**

**Cancer awareness program**

**PHOTOGRAPHS**

## 5. FEEDBACK

Village Adoption helps us to determine what to do, and how to go about it, in the absence of extensive evidence about 'what works'? To avoid excessive subjectivity and bias, we need to temper common sense with evidence gathering. We need to do some research which asks the right questions and addresses real problems, seek greater understanding, explore innovative solutions and propose ways forward.

6. (i) Number of Staff Participants: 2

(ii) Number of Students Participants: 21 Nos.

**A Brief Report on Free Dental Check up Camp**

**CSR Activities 2022 - 2023**

**1. Objectives:**

1. To create Dental Checkup awareness among the general public.
2. To provide free guidance from the dental specialist to general public.
3. To provide the guidance for maintaining dental and its organ healthier.

**2. Agenda**

**Resource Person:**

**Dr.S.SOUNDARIA M.D.S** Dental Surgeon & Consultant Prosthodontist,  
Multispeciality Dental and Implant Center, Rasipuram.

**Date:04.01.2023**

**Time: 10.30 am to 2.30pm.**

**Venue: Muthukalipatty panchayat office Muthukalipatty.**

**3. Topic: Free Dental Medical Camp at Muthukalipatty Village, Rasipuram**

The primary goal of organising this programme is to raise public awareness about the importance of maintaining good oral health. People with a variety of oral health issues, such as cracked teeth, impacted teeth, chipped teeth, cavities, stained teeth, toothaches, and so on, benefited greatly from this program. A dental specialist has also identified oral cancer symptoms, such as dental caries. Finally, the dental specialist provided some advice, such as brushing habits and food items to maintain a fully healthy mouth and prevent oral illness.

Respected Sir,  
I am writing to you regarding the dental camp  
which was held at Muthayammal College of Arts and Science,  
Rasipuram, on 04/01/2023.  
The camp was very successful and we are grateful to you for  
providing the opportunity for the public to receive dental  
services. We will continue to provide such services in the future.  
Thank you.

## DEPARTMENT OF TEXTILE AND FASHION DESIGNING

### EXTENSION ACTIVITY (SKILL DEVELOPMENT & CARRIER AWARENESS)

#### 1. Objectives:

- To plant saplings to create a green environment.
- To offer career guidance to pursue higher studies.
- To Train the students to acquire embroidery skills.

#### 2. Agenda

**Name of the program:** EXTENSION ACTIVITIES (Skill Development & Carrier Awareness)

**Venue:** Gov. Hr. Sec. School, Tho. Jedarpalayam.

**Date:** 05.01.2023

**Duration:** 2.30pm to 5.00 pm

#### 3. Subject/Topic:

- Twenty one students and two faculty of the department of TFD organized a programme on '**WOMEN ENTREPRENEURSHIP**' (Fembreneurship) at Govt. Hr. Sec. School in Tho. Jedarpalayam on (05.01.2023)
- Sixty Five girls were offered training in **HAND EMBROIDERY** and they were made aware of the Job opportunities, Features of the Course and the varied scopes.

## 5. Feedback:

- On behalf of the textile and fashion design department.
- I would like to express my appreciation and congratulations on behalf of our school to two Faculty and 21 students for conducting very good embroidery.
- Skill training and higher education guidance program for the 12<sup>th</sup> girls studying in our school.
- The training was very beneficial and motivating for the students.

## 6. Participants:

I. Number of staffs participants:

MCAS -TFD Department Staffs	2
-----------------------------	---

II. Number of students participants:

III-B.Sc TFD: 21 Students

III. Number of students Beneficiary :

School Girls: Sixty five 12<sup>th</sup> Students.

## **EXTENSION ACTIVITY REPORT**

Organized by

**Department of Biotechnology**

### **1. Objectives**

To create awareness and increase production & consumption of millets

To arrange “millet cooked food Exhibition “for millet food preparation and Health benefit to Students and Public

### **2. Agenda**

**Schedule**  
**25.01.2023**

10.30 - 11.00 AM	Arrangement the exhibition
11.00 - 11.30 AM	Refreshment
11.35 - 11.40 AM	Welcome address (S.S. Gokularamana III B.Sc., Biotech)
11.40 - 12.00 PM	Millet Cooked foods Exhibition
12.05 - 12.15 PM	Mrs. Matheshwari Saravanan , Molapalayam President
12.15 - 12.40 PM	Mr. M.Sathish kumar, Block ICDS, Rasipuram
12.40 - 12.45 PM	Mrs. Jayabharathi, Supervisor, ICDS, Rasipuram
12.40 - 12.45 PM	Mr.M.Arul Arasan, Union Counsilar, Singalanthapuram
12.50 - 1.00 PM	Importance of Millet food (V.Lisha Nandhini III B.Sc., Biotech)
1.05 - 1.10 PM	Vote of Thanks (A.Dhanushree III B.Sc., Biotech)

### **3. Programme Title: Health awareness and Millet Year Celebration**

**4. Details of the programme:** The International Year of Millets - 2023 inaugural ceremony held by the Food and Agriculture Organization (FAO) of the United Nations in Rome, Italy, on December 6, 2022. The Millets value-chain, including international organizations, academia, the media, Indian diasporas, start-up communities, and civil society, to come forward and work together to revive the 'Miracle Millets" through the grand celebration of the International Year of Millets - 2023. Regarding

Around **60 Students** and **2 staff members** Participated in the “International Millet Year 2023 “ Celebration organized by the Department of Biotechnology at Molapalayam village (adopted village) on 25.01.2023. **Mr. M. Sathishkumar** Block ICDS, Rasipuram and **Mrs.Jayabharathi Supervisor** ICDS, Rasipuram. They are explained about nutritional meals, preschool education, primary healthcare, immunization, health check-up and Service provided Details. **Mrs. Madheswari Saravanan**, President of the Molapalayam Panchayat, who honored our chief guest with shawl. In this program, the People of adopted village expanded their knowledge about traditional food Millet and Millet food items.

## 5. Photos

## 6. Feedback:

- The village people were satisfied as well as our students also explained about millet food products
- Our students know about startup of Indian millets, recipes, and value-added products.

## 1. Objectives:

To encourage village people in group participation and discussion through Transect Walk (Observatory walk)

To understand the location, distribution of water resources, sanitation facility, Waste management, Agriculture and associated problems etc.,

## 2. Agenda

## Schedule

## Extension Activity-Transect Walk

**21.10.2022**

10.10 AM -Departure-VMCAS, Rasipuram

10.30 - 11.00 AM - Honoring the President and Panchayat officers

11.00 - 11.15 AM - Introductory Remarks about the Village- President

11.15 – 01:15 PM – Transect Walk & Planting saplings

01.15 – 02.00 PM - Lunch

02.00 – 03.00 PM – Group Discussion

03.00 - 03.10 PM - Tea break.

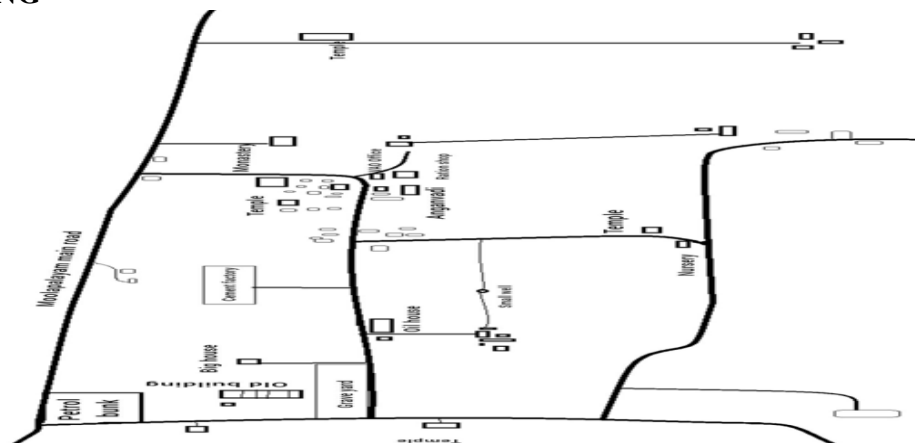

03.10 – 03.30 PM – Arrival- VMCAS

### 3. Programme Title: Extension Activity-Transect walk at Molapalayam

#### 4. Details of the programme:

Department of Biotechnology arranged the extension activity to visit the adopted village Molapalayam on 21.10.2022. We (50 Students + 03 Staff Members) started our journey at 10.10 a.m. from our college and reach to Molapalayam and then we met the village President at Molapalayam. We honored the President with shawl. After that, the President explained about of the village, functioning of the Panchayat and its facilities. In addition to this, our students made an Observatory walk (Transect Walk) to all the streets of the village Molapalayam. Students are planted tree saplings. During this walk, Students observed and making notes of the layout of the village - housing, drainage, backyards, infrastructure etc., Our students were divided into four groups and initiated their work based on their objectives (Mapping, housing, Water Resources, drainage etc.). The Detail as follows,

## MAPPING

## **SANITATION**

### **Waste water tanks**

- Water storage tanks are contaminated that contain lot of larvae and that can cause disease like Dengue, Malaria and Cholera.
- Contaminated water supplies have been responsible for major outbreaks of severe gastrointestinal illness such as gastroenteritis and other infections caused by the protozoans

### **Solution**

- The storage tanks have to be cleaned at least once a most with liberal use of bleaching powder to check accumulation of sediment and slime (algae).

### **Sewage**

- Contamination of drinking water sources by sewage can occur from raw sewage overflow.
- Septic tanks, Leaking sewer lines, Land application of sludge and partially treated waste water.
- The disease involves from sewages water causes Diarrhea, Hepatitis A, Gastroenteritis.
- Sewage water discharged from only local peoples not from any of the chemical industries.

### **Disposal waste**

- Most household waste in villages is organic, and some of them by little inorganic material, and it is non toxic to living.
- Friendliness composting is a highly suitable method of waste management in rural areas.

## **WASTE MANEAGEMENT**

### **Solid waste**

#### **Hazard waste**

- The Molapalayam area we explored they are dumb or burn the plastic waste like plastic carry bags, plastic containers, plastic bottles, etc., without any proper procedure.
- In some places they were throw the waste materials into the ruined wells.

#### **Bio - waste**

- Bio – waste like cow dunk, plant waste (leaves, branches) dumb in pit.
- Household cooking wastes like vegetable, fruits where throw into garbage bin

### **Liquid waste**

#### **House hold water**

- Waste water like house hold (shower, dishwash, laundry water) were freely flow on the streets and some of the places they were use the waste water for the plant growth.

## **AGRICULTURE**

### **Name of the Crops**

#### **1. Tapioca (Maravalli Kilangu)- Duration: 10-12 months.**

##### **Problem Identification**

Affected by Mealy bugs (white fly in leaf)  
It affects crop yield & leads to death of the plant.

##### **Problem statement**

White fly that are not controlled by pesticides.

##### **Application of Manure**

Fertilizers: Organic & Inorganic are used.

##### **Irrigation method**

Trip fertilization are mostly used.

#### **2. Onion -Duration: 3months**

##### **Problem Identification**

Harvested in rainy seasons. (Little amount get wasted)  
Harvested in summer season are stored and later they are shown.  
In red soil Onion yield is good comparing to the other soil.  
Disease that are controlled by Pesticides.

##### **Application of manure**

Fertilizers: Organic & Inorganic are used.

**Irrigation method**

Trip facilities and some by Human.

**3. Cotton-** Duration: 6 months.**Problem Identification**

Over rain or over moist content leads to flower fall and seed fall.

Less amount of moist content also affect the crop yield.

Disease that are controlled by pesticides.

**Problem statement**

After 4-5 months of plant, insects arrive in seed are not controlled by pesticides.

**Application of Manure**

Fertilizers: Organic and Inorganic are used.

**Irrigation method**

Trip facilities and some by Human.

**4. Groundnut-**Duration: 3-4 months.**Problem identification:**

It grows well in red soil.

Groundnut mills are located inside the village.

**Problem statement**

Insects are controlled by pesticides.

**Application of Manure**

Fertilizers: Organic and Inorganic are used.

**Irrigation method**

Most of the plant grow by rain and some plants by trips and by human.

**5. Corn-**Duration: 4months.**Problem identification**

In corn leaf, the worms that eat the leaf and enter into the corn.

The yield of the crop is decreased.

**Problem statement**

Worms that are not controlled by pesticides.

**Application of Manure**

Fertilizers: organic and mostly use inorganic.

**Irrigation method**

It consumes more water comparing to other plant.

By trip facilities it produces low yield.

It is done by direct water to plant by human.

**6. Sorghum-**Duration: 3 months**Problem identification**

Continuous raining leads to red spot in the leaf & the plant not grow well.

Harvested of the crops use as animal feed.

**Problem statement**

Insects are controlled by pesticides.

**Irrigation method**

Trip facilities and some by Human.

**7. Coconut-**Duration: Up to 70-80 years.**Problem statement**

The white flies, that affect the leaves of the tree.

It affects the yield of the tree.

**Problem identification**

The white flies that arrive one year back.

Still now they did not use any pesticides.

Now a days the flies spread more.

### Application of Manure

Fertilizers: Mostly used organic and less amount by Inorganic.

### Irrigation method

Direct water to plant it produce more yield, and by trip it produce less yield.

### 8. Animal Husbandry (Goat farm)

Sorghum is used as feed in greenish, groundnut leaf are used as feed.

Goat farm are maintained in shelter.

Every month they are get vaccinated, to prevent from disease.

### 9. Water Resources

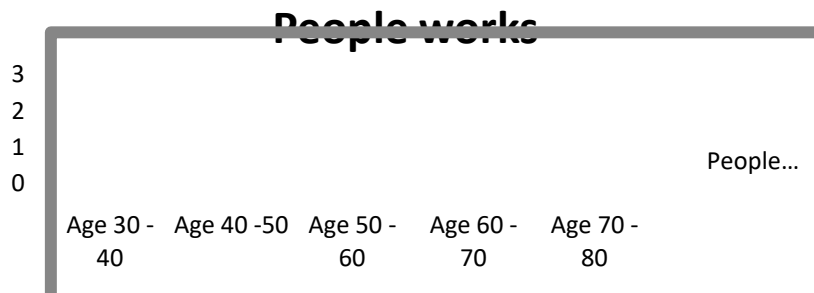

In summer season the water content is too low.

In this area the water content is good, and they used for drinking.

Now a days the water gets polluted by Tapioca mills, near the village.

Approximately the water gets polluted 1-2years back.

### 10. Graph: (People works in Agriculture)

### 11. PLANTED TREE SAPLINGS

Trees are important for us to live. Tree plantation alludes to planting tree at a spot the program is aimed to plant the saplings in road sides and around temple.

We had planted various types of plants. The detail of plant as follows,

- ✓ Jackfruit - *Artocarpus heterophyllus*
- ✓ Kodukapuli(monkey pod)-*Pithecellbium ducle*
- ✓ Indian almod-*Terminalia indica*
- ✓ Sacred fig - *Ficus religiesa*
- ✓ Pongame oiltree- *Millettia pinnata*
- ✓ River tamarind - *Leucaena leurcocephala*
- ✓ Pemegranate-*Punica granatum*
- ✓ Guara - *Psidium guajava*
- ✓ Tamarind - *Tamarindus indica*
- ✓ Portia tree-*Thespesia populnea*

## 6. Feedback:

- ✓ This village Transect walk is a great way to learn about rural life and its development
- ✓ Our students are interested to work as well as to interact the village people
- ✓ Our students have understood the concept of transect walk and analyzed the various issues in Molapalayam and came up with the ideas to resolve the issues.

## 1. Objectives:

To raise awareness about the importance of healthy soil and its importance through Soil Day celebrations

## 2. Agenda:

### Schedule

**05.12.2022**

10.10 - 10.45 am Rally, Singalanthapuram

11.00 - 11.30 am Refreshment

11.30 - 12.45 pm Soil Day Celebrations at adopted Village

Invited Talk: Mr. N. Sakthivel, Deputy Agricultural officer, Rasipuram

12.45 - 01.30 pm Lunch

01.30 - 02.30 pm Soil sample Collection

## 3. Programme Title: “World Soil Day Celebration”

## 4. Details of the programme:

World Soil Day is observed every year on December 5 to raise awareness of the importance of soil to the sustenance of life on earth. Around 50 Students and 3 staff members Participated in the “World Soil Day Celebration” organized by the Department of Biotechnology at Molapalayam village (adopted village) on 05.12.2022. Mr. N. Sakthivel, Deputy Agricultural officer, Rasipuram was explained about the impact and influence of soil in Agriculture. Madheswari Saravanan, President, Molapalayam Panchayat graced the occasion. Our students also explained the importance of biofertilizer, to enhance the soil fertility to the farmers. In this program, the farmers of adopted village expanded their knowledge about soil. We also conducted Rally at nearby village Singalanthapuram in the presence of President, Singalanthapuram Panchayat Mrs. Solachana Magudeshwaran. This Soil Day celebration created an awareness about the impact and influence of soil in Agriculture in adopted village and nearby village Singalanthapuram. Our students collected soil sample for their projects.

## 5. Photos:

## 6. Feedback:

- Soil Day celebrations created an awareness about the soil and its importance
- Our students also interested to explain the importance of biofertilizer, to enhance the soil fertility
- Students can understand the importance of soil for our life

**Date** : **20.10.2022**  
**Session** : **FN (10.00AM to 03.30PM)**  
**Programme** : **Extension Activity – Village Adoption**  
**Department** : **Electronics & Communication**  
**Venue** : **Moolapallipatti Village, Rasipuram Tk, Namakkal.**

### **1. OBJECTIVE:**

- ✓ To infuse the social activities among students to learn about the social problems, requirements of the society from the students.
- ✓ To motivate the students to inculcate with the social problems solving,
- ✓ To sculpt the students as a responsible citizen of our country.

### **2. AGENDA:**

Introductory Remarks : Mr. S. Arulmani  
Head & Asst.Prof/E&C  
Muthayammal College of Arts and Science.

Planting of Saplings : Students of Department of Electronics and Communication.

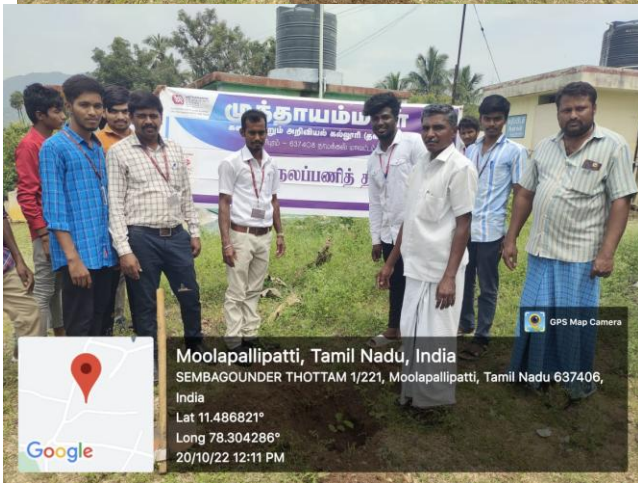

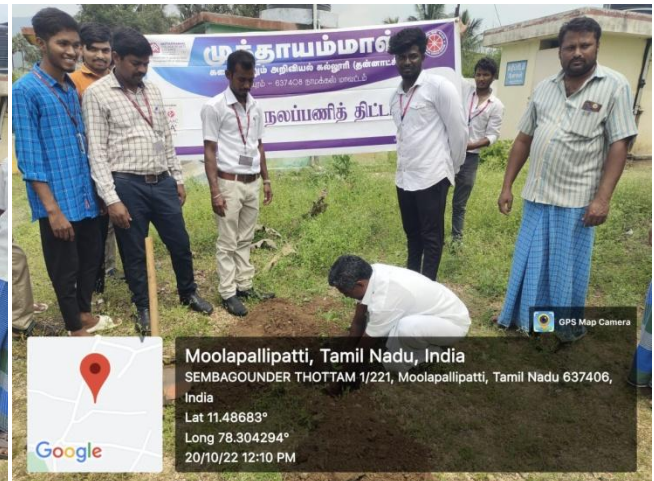

Awareness : Dr. M. Kutraleeswaran, Asst.Prof/E&C  
Muthayammal College of Arts and Science.  
Mr. Sathishkumar, Asst.Prof/E&C  
Muthayammal College of Arts and Science.

### **3. SUBJECT:**

- ✓ Head of the department Mr. S. Arulmani addressed the gathering and gave a brief introduction about the Institution and our department.
- ✓ Under the portal of village adaptation, 20 students and three Faculty members of the Department of Electronics and Communication have executed extension activities at MOOLAPALLIPATTI village.
- ✓ They planted over 50 saplings around the village,.
- ✓ Dr. M. Kutraleeswaran Asst.Prof/E&C, Muthayammal College of Arts and Science. taught the villagers some “Know-how” about the usage and handling of Electronic tools like mobile phones.

#### **4. PHOTOS:**

#### **5. FEED BACK:**

- ✓ The students are emotionally connected to the village people when they interacting with them and had an intention to do something to solve their problems.
- ✓ All have been highly interested and motivated to plant the saplings and they make a resolutions to not to cut trees and save the earth's nature.
- ✓ The village people are learnt about some basic and necessary android applications to use for paying their EB bills secured online payments, handling of electronic equipments in their home.
- ✓ They are also get motivated to keep the village green by planting mote trees in and around the village.

#### **6. ELECTRONICS & COMMUNICATION DEPARTMENT TEAM:**

- ✓ 20 Students from UG and PG
- ✓ Mr.S. Arulmani, Head,Asst Prof/E&C,
- ✓ Dr. M. Kutraleeswaran, Asst. Prof/E&C,
- ✓ Mr. Kutraleeswaran, Asst.Prof/E&C.

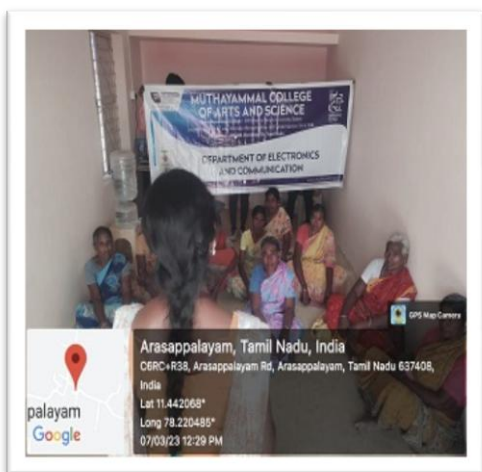

## Awareness on UPI payment and IOT project exhibiting

07.03.2023

Arasapalayam

25 Students and 2 faculty members of the Department of Electronics and Communication extended their service as a part of CSR activity to the people of Arasapalayam village and around 50 public of the village were exposed to the basics of UPI. An IOT related project had been displayed to create awareness about basics of IOT.

**MUTHAYAMMAL COLLEGE OF ARTS & SCIENCE, RASIPURAM**

**AWARENESS ON AIDS (WORLD AIDS DAY CELEBRATION)**

**ORGANIZED BY**

**YRC & RRC CELL**

**DATE: 16/12/22**

**OBJECTIVE:**

To promote the awareness among the students about the spread of Aids and preventive measures of HIV.

**TOPIC DEALT WITH:**

HIV stands for human immunodeficiency virus. If left untreated, HIV can lead to the disease AIDS (acquired immunodeficiency syndrome).

Unlike some other viruses, the human body can't get rid of HIV completely. So once you have HIV, you have it for life.

HIV attacks the body's immune system, specifically the CD4 cells (T cells), which help the immune system fight off infections. If left untreated, HIV reduces the number of CD4 cells (T cells) in the body, making the person more likely to get infections or infection-related cancers.

Over time, HIV can destroy so many of these cells that the body can't fight off infections and disease. These opportunistic infections or cancers take advantage of a very weak immune system and signal that the person has AIDS, the last state of HIV infection.

No effective cure for HIV currently exists, but with proper treatment and medical care, HIV can be controlled.

The medicine used to treat HIV is called antiretroviral therapy or ART. If taken the right way, every day, this medicine can dramatically prolong the lives of many people with HIV, keep them healthy, and greatly lower their chance of transmitting the virus to others. Today, a person who is diagnosed with HIV, treated before the disease is far advanced, and stays on treatment can live a nearly as long as someone who does not have HIV.

AIDS stands for acquired immunodeficiency syndrome. AIDS is the final stage of HIV infection, and not everyone who has HIV advances to this stage.

AIDS is the stage of infection that occurs when your immune system is badly damaged and you become vulnerable to *opportunistic infections*. When the number of your CD4 cells falls below 200 cells per cubic millimeter of blood

HIV is not spread easily. Only certain body fluids from a person who has HIV can transmit HIV:

- Blood
- Semen (cum)
- Pre-seminal fluid (pre-cum)
- Rectal fluids
- Vaginal fluids
- Breast milk
- 

These body fluids must come into contact with a mucous membrane or damaged tissue or be directly injected into your bloodstream (by a needle or syringe) for transmission to occur. Mucous membranes are found inside the rectum, vagina, penis, and mouth.

HIV does not survive long outside the human body (such as on surfaces) and it cannot reproduce outside a human host. It **is not** spread by:

- Air or water
- Mosquitoes, ticks or other insects
- Saliva, tears, or sweat that is not mixed with the blood of an HIV-positive person
- Shaking hands, hugging, sharing toilets, sharing dishes/drinking glasses, or closed-mouth or “social” kissing with someone who is HIV-positive

- Drinking fountains
- Other sexual activities that don't involve the exchange of body fluids (for example, touching).

### **PHOTOGRAPHS:**

### **FEEDBACK:**

- Student of 1<sup>st</sup> UG & PG Biotech, CA, Chemistry, Biochemistry, Microbiology and Electronics & communication (350 STUDENTS) participated in this programme.
- They were eager and willing to participate in this programme.
- They were willing to participate this type of programme in future

- They greeted the management for arranging this type of awareness programme which will be helpful in their life.

National Deworming Day

14.02.2023 & 15.02.2023

Organized by YRC & RRC

To promote the awareness among the students about the spreading of worm and stop spreading and controlling by taking the tablets (with parents guidance) given by the Department of public health.

YRC / RRC cell was conducted the National Deworming day on 14.02.2023 & 15.02.2023 at Our College. In this programme, Dr. P.Selvamaleeswaran, YRC/RRC, Co-Ordinator, Mr. B. Sivasankaran, Assistant Co-Ordinator, Mr. S. Maharajan, and Mrs. T. Vadivu , Members YRC & RRC distributed the Deworming tablet and created the awareness about the students.

## PAMPHLET ABOUT DEWORMING

**NATIONAL  
DEWORMING DAY**

TOI  
HEALTH & FITNESS

**9 WAYS TO PREVENT WORM INFECTION**

Treat dogs who have worm infection

Wash your hands before and after eating

Wash your hands after using the bathroom

Do not defecate in open

Keep food covered & drink clean water

Wash fruits and vegetables before eating

Boil vegetables for a minute before cooking

Keep children's fingernails short and change their underwear daily

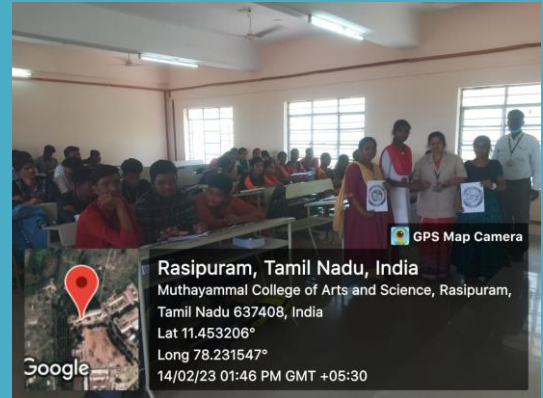

Do not eat raw beef, pork or fish

Ensure proper disposal of animal and human faeces

## **TOPIC DEALT WITH:**

### **1. First aid :**

- First aid is the assistance given to any person suffering a sudden illness or injury
- First aid is generally performed by the layperson, with many people trained in providing basic levels of first aid, and others willing to do so from acquired knowledge
- There are many situations which may require first aid, and many countries have legislation, regulation, or guidance which specifies a minimum level of first aid provision in certain circumstances
- Preserve life: the overriding aim of all medical care which includes first aid, is to save lives and minimize the threat of death.
- Prevent further harm: also sometimes called prevent the condition from worsening, or danger of further injury, this covers both external factors, such as moving a patient away from any cause of harm, and applying first aid techniques to prevent worsening of the condition, such as applying pressure to stop a bleed becoming dangerous

### **2. Hypertension:**

- Hypertension also known as high blood pressure (HBP), is a long term medical condition in which the blood pressure in the arteries is persistently elevated.
- Blood pressure is expressed by two measurements, the systolic and diastolic pressures, which are the maximum and minimum pressures
- Normal blood pressure at rest is within the range of 100–140 millimeters mercury (mmHg) systolic and 60–90 mmHg diastolic

- High blood pressure is present if the resting blood pressure is persistently at or above 140/90 mmHg for most adults

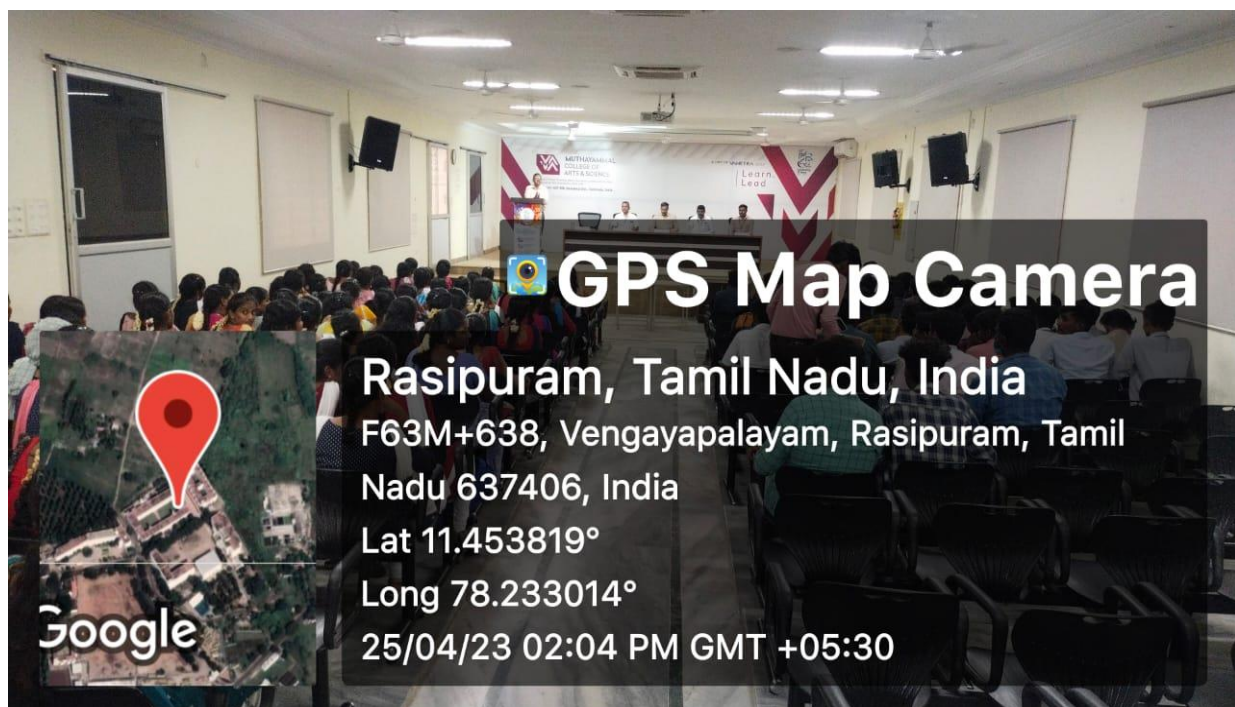

### 3. CPR (Cardiopulmonary resuscitation)

- Cardiopulmonary resuscitation, commonly known as CPR, is an emergency procedure that combines chest compression often with artificial ventilation in an effort to manually preserve intact brain function until further measures are taken to restore spontaneous blood circulation and breathing in a person who is in cardiac arrest. It is indicated in those who are unresponsive with no breathing or abnormal breathing
- CPR alone is unlikely to restart the heart; Its main purpose is to restore partial flow of oxygenated blood to the brain and heart.
- The objective is to delay tissue death and to extend the brief window of opportunity for a successful resuscitation without permanent brain damage

### PHOTOGRAPHS:

#### **FEEDBACK:**

- Boys & Girls Student of B.Sc., Microbiology, Biochemistry, Biotechnology, Zoology, English, physics, commerce & Chemistry (95) departments have attended the FIRST AID AWARENESS PROGRAMME.
- They were eager and willing to participate in this programme.
- They were willing to participate this type of workshop in future
- They greeted the management for arranging this type of workshop which will be helpful in their life.

## நாட்டு நலப்பணித் திட்டம்

நடத்தும்

### வாக்காளர் விழிப்புணர்வு முகாம்

நாட்டின் குடிமக்கள் என்ற முறையில் நமக்குப் பொறுப்புகள் உள்ளது. குடிமக்களாகிய நாம் ஒடி, நம் நாட்டை நன்றாகக் கவனித்துக் கொள்வதை உறுதி செய்ய, நாம் நமது வாக்குகளை அளிக்க வேண்டும்.

ஒருவரின் வாக்கு என்பது அவர்களின் குரலை வெளிப்படுத்தும் வழியாகும். அனநாயகத்தில் அரசாங்கத்தைத் தேர்ந்தெடுக்க ஒருவருக்கு வழங்கப்பட மற்றும் பயன்படுத்தப்படும் உரிமை. வாக்களிப்பது உங்கள் உரிமை.

நீங்கள் சிப்போது வாக்களிக்கவில்லையென்றால், அதிகாரமும், பணமும் கையில் ஏந்திய சிலர், அடுத்த சில வருடங்களில் உங்கள் வாழ்க்கையைக் கட்டுப்படுத்துவார்கள். வாக்களிப்பது உங்கள் உரிமை மட்டுமல்ல, உங்கள் பொறுப்பும் கூட, வாக்களியுங்கள்! உங்கள் குரலை ஒலிக்கச் செய்யுங்கள்.

### வாக்காளர் கவனத்திற்கு

பதினெட்டு வயதில் வாக்கு  
பண்பட்டதாக  
நாட்டை ஆக்கு!

கண்ணியத்துடன் வாக்களியுங்கள்,  
உங்களது எதிர்காலத்தின்  
குரல் உங்கள் வாக்கு!

வாக்காளர் என்பதில் பெருமை கொள்வோம்!  
வாக்களிக்க தயார் என்போம்!!

வாக்களிப்பது அனநாயக கடமை.  
விலைமதிப்பில்லா உங்கள் வாக்கை  
பணத்திற்காக விற்பதா?  
உங்கள் வாக்கை சரியாக பயன்படுத்துவீர்!

மனதில் உறுதி வேண்டும்,  
மனசாட்சிப்படி வாக்களிக்க வேண்டும்.

உரிய வயதில் வாக்களிப்போம்  
உரிய வாழ்க்கை வாழ்ந்திருவோம்.
