This Programme conducted by Women's Forum and Smt.K.Kanimozhi., Member of Parliament was the Chief Guest. Audience were raised women empowerment related questions before the commencement of the session. Chief Guest has replied for all the questions. Women playing various role like as a mother, homemaker, cook, teacher, friend, Nurse all at the same time, they are catering to every body's needs.

The task of women is very hard, but she gets little or no appreciation. Many women are multi-talented but have no recognition in society. As female were given poor education or no education, they are not able to get good jobs. Thus, they have either to stay at home or do lesser-paid jobs.

The government and several NGOs are making efforts to empower women by creating awareness. The government is running many projects for education and skill development of women. So that they can get economic independence. The Society has to give equal importance to women in pay, respect as equal to men. We are looking to such kind of nation in future. In addition, she has highlighted that; every woman should possess courage, confident, self-dependent and hard work that would create good society
