Non-teaching staff members! Special Invitees! Parents! Beloved students of this institution! Technicians! Press and Media Personnel! Ladies and Gentlemen!

As the Principal of this renowned institution, I have the greatest pleasure in welcoming you all on the eve of 22<sup>nd</sup> Annual Day celebration. It is indeed with great joy I present you the 22<sup>nd</sup> Annual Report of Our College. Established in the year 1994, it offered five Undergraduate Degree courses with 83 students and a handful of distinguished Faculty members. Within a short span of its establishment, the college was grown from strength to strength. The number has swollen from 83 to 5266 (UG-4479; PG-700; M.Phil-73; Ph.D-14). Today, it has blossomed into a well known model educational institution known for its quality of education with a sense of discipline. The total number of teaching on the roll is 232 and the Non-Teaching staff members are 83 in number.

With immense joy, I appreciate all our knowledge facilitators who dedicated themselves for the betterment of student. Although our college is situated in a barren terrain backward area, it attracts the length and breadth of India. Our college steadily grew not only in strength but also in academic performance. It is interesting to note that students from foreign countries like Somalia, Rwanda and Yemen etc. are also studying in this college.

The college now offers 16 Under Graduate and 15 Post Graduate Programmes of study besides offering research programmes leading to M.Phil., and Ph.D.,At this juncture, I would like to add that we promote Research atmosphere in the Departments of Biotechnology, Biochemistry, Microbiology, Commerce, Physics, Mathematics, Computer Science and Chemistry.

### Academic achievements

We, the management, the principal and the staff have realized the fact that students must make up their mind to finish their course with flying colors and also get the degree in the long run of the course period. With a special view to achieving these objectives, we advocate some unique methods in pedagogy. Since we live in an age of Information and Technology, we adopt some technological equipment to enhance the quality of teaching. We meticulously adopt peer learning method of teaching and vigorous coaching besides administering home test, unit test, mid-semester and model examination. Students who have poor academic performance in University examination are given remedial coaching so as to enable them to boldly face the examination. Besides conducting remedial classes, enrichment classes are also administered for the immense benefit of meritorious students to make them as a university Gold medalist /Rank holders. Student's attendance percentages, behavior pattern, marks secured in various examinations are periodically intimated to the parents.

In the April/May 2015, University examination, **eight** of our students secured **University First Ranks** for which the university honored them with a **Gold Medal** during the last

convocation held on 08.03.2015 at Periyar University, Salem. Our students secured **53 University Ranks** mentioned below. While congratulating these Students, I wholeheartedly appreciate our teachers who are solely responsible for this singular victory.

### Transport

In the post independence era, the literacy rate of our country has drastically been increasing. Now people belonging to the poorer section of the society also would like to provide good higher education to their wards. It is interesting to note that majority of the students of this institution belong to lower middle class. Due to their socio economic conditions, these students like to continue their education as day scholars. To make travel easy and comfortable for all these students, our management is increasingly trying to operate as many buses as possible. At present, we have a fleet of 73 buses. The buses operate in different routes covering a radius of about 60-70 Km. 4419 students and 176 Faculty Members of teachers are also making use of this facility.
