It is with great pleasure that I stand before you to extend a warm welcome on the occasion of 23<sup>rd</sup> Annual Day celebration. I deem it my immense pleasure to present you the 23<sup>rd</sup> Annual Report of our College. Started in the year 1994, it offered five Undergraduate Degree courses with 83 students and a handful of Faculty members. The total number of teaching on the roll is 237 and the Non-Teaching staff members are 44 in number. The college shows a gradual upward movement in terms of Admission. The number has by and large augmented (**Total Strength: 5399**-UG-4697; PG-608; M.Phil-74; Ph.D-20).It has become a focus of attention in the rural background.

With a happy frame of mind I appreciate all our mission oriented knowledge builders who have committed themselves for the career graph of our students. Though our college is situated in a barren terrain backward area, it attracts the length and breadth of India. Above all, students from foreign countries like Democratic Republic of the Congo, Central Africa-Rwanda and Burundi-East Africa are also studying in this college.

We now offer 17 Degree courses at the Under Graduate level (B.Sc., Zoology was introduced during this academic Year) and 15 at Post Graduate level. Besides offering these afore –mentioned courses, we promote Research ambience in the Departments of Biochemistry, Microbiology, Biotechnology, Commerce, Physics, Mathematics, Computer Science, Chemistry, Statistics and Tamil (Ph.D., Statistics & Tamil -Part Time was introduced during this academic Year).

### **Academic achievements**

We certainly know the importance of completing degrees on time. Henceforth, we urge our students to have a hawk eye on their academic performance. Since we live in an

age of Technology, we adopt some technological tool to enlighten the concept of teaching. I can strongly say that there are ever so many students who enlarged their horizons by accessing E-notes. We are meticulous in adopting peer learning method of teaching and vigorous coaching. Apart from unit test, we conducted Internal-I & II Examination in order to hone up their academic performance. Students who fail to show off their academic competence in University examination are given remedial coaching so as to enable them to face the examination. It gives me great pleasure to say that enrichment classes are also administered for the immense benefit of meritorious students to make them as a university Gold medalist /Rank holders.

In the April/May 2016, University examination, **eight of our students** secured university first ranks for which the university honored them with a gold medal during the last convocation held on 14.10.2016 at Periyar University, Salem. Our students secured 57 University Ranks mentioned below. While congratulating these Students, I extolled our teachers who have in fact dedicated themselves for making headway in the learning process.

I am happy to share the glad news our college has bagged gold medals in the galaxy of the colleges affiliated to Periyar University. The details are given below.

### Transport

In the post independence era, the literacy rate of our country has drastically been increasing. Now people belonging to the poorer section of the society also would like to provide good higher education to their wards. It is interesting to note that majority of the students of this institution belong to lower middle class. Due to their socio economic conditions, these students like to continue their education as day scholars. To make travel easy and comfortable for all these students, our management is increasingly trying to operate as many buses as possible. At present, we have a fleet of 79 buses. The buses operate in different routes covering a radius of about 60-82 Km. 4404 students and 183 Faculty Members of teachers are also making use of this facility.
